### **Information About Your Medication Refills, Testing and Referrals**

Whenever possible, please request prescription refills during your office appointment. For any other refill needs, please call your pharmacy directly and have them contact our office. Also, please call your pharmacy to see if your prescription(s) are ready for you to pick up.

Please plan ahead and allow at least 48 hours for refills. Allow for extra time for weekends and holidays. We cannot guarantee a timely response to last-minute refill requests.

If you need a referral and/or diagnostic testing, please request them during your office appointment as well. Please keep in mind that these requests typically take at least 2 to 3 business days to process.
